
Position:	National Bobsleigh Program – Technical Driving Coach
Application Deadline:	April 20 th , 2018
Position Term:	Part Time Off-Season: Approximately 4 weeks for training camps Full Time In-Season: Approximately October to March each season
Position Location:	International

Bobsleigh CANADA Skeleton (**BCS**) is the national governing body for the sports of bobsleigh and skeleton in Canada. As one of Canada's most successful Winter Olympic sports, our program is based upon a platform of strong strategic and performance planning, teamwork and the relentless pursuit of excellence.

In alignment with our Mission, Vision and Values, Bobsleigh CANADA Skeleton is searching for a National Bobsleigh Program Technical Driving Coach (**NBP-TDC**), in order to support our National Bobsleigh Program (**NBP**) & National Development Bobsleigh Program (**NDBP**), to podium performances in Beijing at the 2022 Winter Olympic Games.

Primary Purpose:

In consultation with program staff and while working under the authority and direction of the National Bobsleigh Program – Head Coach (**NBP-HC**), the successful candidate will be responsible for assisting with the planning, coordination, integration, delivery, coaching, and evaluation of the NBP for Bobsleigh Canada Skeleton. This refers to working with the NBP athletes and/or NDBP athletes in preparation for training and competitions on the IBSF circuits and any other competition and/or training as directed by the NBP-HC.

Primary Responsibilities:

- Planning, delivery and evaluation of all technical aspects (on-ice driving, equipment, strategic planning) at training, competition and camp venues internationally;
- Providing expert advice, guidance and feedback to BCS athletes (in collaboration with other BCS staff, as appropriate) in the areas of on-ice technical driving and elite performance requirements (in general);
- Working with the NBP-HC to prepare required reports, including: mid- and end of season evaluations, weekly competition reports, evaluations and reviews; and
- Attend all strategic, logistical or performance related meetings or events as required.

The ideal candidate will be a technically strong team player with coaching experience at the highest level, who possesses excellent communication skills and is able to address the technical needs of the Programs, within the overall goals of BCS.

The nature of the position demands flexible hours until work is completed to meet the requirements. This includes but is not limited to working extended hours, evenings and weekends, particularly in-season and during off-season camps, as well as significant international travel periods.

Apply by sending covering letter and curriculum vitae to:

admin@bobcanskel.ca

While all interested persons are encouraged to apply, only those selected for an interview will be contacted. Bobsleigh CANADA Skeleton will retain all materials received.
