1. **CARDING PRE-REQUISITE & ELIGIBILITY REQUIREMENTS**

The AAP is a sport funding program that contributes to the pursuit of excellence. AAP support seeks to relieve some of the financial pressures associated with preparing for and participating in international sport and assists high-performance Canadian athletes to combine their sport and academic or working careers while training intensively in pursuit of world-class performances.

The AAP financial assistance provides support to athletes in the form of a Living and Training Allowance, plus Tuition and Supplementary AAP Support. The Living and Training Allowance is intended to offset some, but not all, of the living and training expenses athletes incur as a result of their involvement in high performance sport, while tuition support is intended to help athletes obtain a post-secondary level education.

Athletes nominated by Bobsleigh Canada Skeleton (BCS) and approved by Sport Canada for the AAP may be eligible for the Living and Training Allowance which provides a monthly financial compensation as follows:

Senior International Card (SR1 / SR2):	\$1,765/month
Senior National Card (SR):	\$1,765/month
Development Card (D):	\$1,060/month

After every Olympic Games, Sport Canada reviews carding allocations for all sports. As a result, the number of cards allocated to the NSP is subject to change from time to time. If the allocation differs from that mentioned in this document, the High Performance Director will inform the athletes as soon as possible.

The High Performance Director is responsible for nominating eligible athletes for the AAP support.

Sport Canada reviews all nominations put forward by BCS and approves nominations in accordance with the AAP policies and the published and approved BCS NSP AAP Carding Criteria.

For the 2019/20 nominations the events to be considered will be the 2019 WCh and the 2018/19 IBSF Ranking. For Senior carding, the athletes with the lowest total score will rank highest. In the event of a tie in points of the TOTAL, the tied athletes will be ranked based off their respective NSP Athlete Performance Evaluation (APE) score for the current season, with the highest APE score being ranked the highest. NSP APE Scoring Tables attached as Appendix A.

The competitive field for the 2019 WCh is considered to be the total number of athletes who participated in the race. The competitive field for the 2018/19 IBSF ranking is the total number of teams who appear on the respective IBSF ranking summary with a point total greater than 0.
